

## **Down Payment Assistance**

Down payment assistance is designed to provide assistance to low and moderate income persons in the purchase of their first home. Assistance may be provided for the down payment in the purchase of a home. The amount of assistance available depends upon the buyer's qualification and the price of the home. In general, a buyer may only receive what they need, sometimes up to 20% of the purchase price of the home.

### **Down Payment Assistance Loan Programs**
